WHO WE ARE

Energize Electric LLC is a Texas-licensed, Austin-area electrical contractor serving general contractors across the Austin metro. With 10 years of industry experience, we deliver commercial electrical construction and service, from tenant finish-outs to ground-up buildings, with the owner personally walking every job.

CORE CAPABILITIES

Tenant Improvements & Finish-Outs
Electrical build-outs that fit new tenant layouts and operational needs.

Office Renovations
Lighting, power distribution, and modern electrical systems for office spaces.

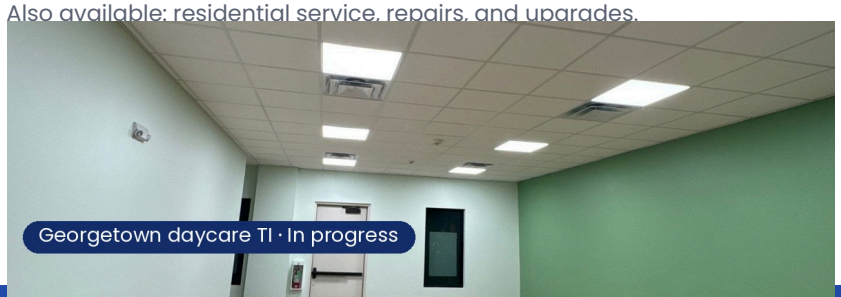
Retail
Power and lighting for retail build-outs and remodels.

Restaurant Remodels
Lighting, power distribution, kitchen equipment, and controls.

Ground-Up Commercial Construction
Complete electrical scope for new commercial buildings.

Commercial Maintenance & Service
Repairs, troubleshooting, and maintenance that minimize downtime.

Also available: residential service, repairs, and upgrades.



Georgetown daycare TI · In progress

WHY GENERAL CONTRACTORS WORK WITH US

1. **The owner walks every job**
   Oscar Hernandez, a licensed Master Electrician, personally walks every project to confirm the work is done correctly and on schedule.
2. **Quick mobilization**
   As a small company, we can mobilize quickly and be on site when your schedule needs us.
3. **Complex projects, start to finish**
   We have the expertise and experience to carry complex projects from rough-in through completion.
